

**We invite you to participate in an on-line International Continues Scientific Conference
"Environmental sustainability in a climate change context: challenges and adaptation"**

Organised by Lithuanian Society of NJF

Participation in the conference is free of charge. The official language – English.

**PROGRAMME
of the 1st section**

"The challenge of sustainable agricultural soil management practices under climate change"
which will take place on March 16, 2023, from 10 to 12 a.m. Eastern European Time

1. Dr. Iveta Varnagirytė-Kabašinskienė, dr. Kęstutis Armolaitis: "Sustainability of soil organic carbon in different land use", Institute of Forestry, Lithuania Research Centre for Agriculture and Forestry, Department of Silviculture and Ecology.
2. Dr. Mykolas Kochieru, dr. Virginijus Feiza, dr. Dalia Feiziene: "The influence of soil organic carbon on CO₂ efflux under different tillage in Central Lithuania", Institute of Agriculture, Lithuania Research Centre for Agriculture and Forestry, Department of Soil and Crop Management.
3. Prof. dr. Vaclovas Bogužas, dr. Vaida Steponavičienė, dr. Lina Skinulienė, doc. dr. Juratė Aleinikovienė, doc. dr. Aušra Sinkevičienė, PhD Alfredas Sinkevičius: "Effect of soil tillage and crop diversification in agroecosystems on soil organic carbon", Vytautas Magnus University Agriculture Academy, Department of Agroecosystems and Soil Sciences.
